Conditions of Sale

- **Due to possible contamination, Terrazzo & Marble can not accept returns on any crushed aggregate, marble, granite, quartz or epoxy once the material has left the warehouse.**
- All direct orders less than \$100.00 will carry a \$20.00 minimum order charge.
- **No allowance will be made for returns.**
- On direct shipments from the quarry, pallets will be invoiced at quarry cost and are non-refundable.
- All warehouse prices include non-returnable pallets.

Domestic Marble Chip Sizes	
0	1/16" x 1/8"
1	1/8" x 1/4"
2	1/4" x 3/8"
3	3/8" x 1/2"
4	1/2" x 5/8"
5	5/8" x 7/8"
6	7/8" x 1"
7	1" x 1-1/8"

Hard Aggregate Chip Sizes	
0	1/16" x 1/8"
A	1/4" x 3/32"
B	1/2" x 1/4"
C	7/8" x 1/2"
D	1-3/8" x 7/8"

- Material supplied by quarries may vary in size and special sizes may only be available in certain colors; please verify availability with TM Supply before placing special orders.
- Marble, glass and imported chip kits containing samples of the most popular aggregates are available upon request.
- Prices are subject to change without notice.
- Please contact your TM Supply Sales Representative should you require additional information.

North American Marble Aggregates

Think Green! North American marble chips can contribute to LEED credits if manufactured within 500 miles of your project. Contact your local sales rep for details.

Larger sizes are available from the quarry, please call for pricing and lead time. NOTE: Due to the operations of the imported aggregate facilities and transit procedures these colors are susceptible to arriving wet.

All Italian aggregates (except Mother of Pearl) are available in sizes 4-6 for the same price as standard sizes. Aggregates are non-stocked; please call for lead time.

**Call for availability for tumbled chip. Size available in 6-9mm, 15-25mm & 25-40mm.

* Mother of Pearl sizing is different than NTMA sizing. MOP #1 = NTMA #0.

Joint Filler Hardener

Terroxy Joint Filler Hardener, designed to be mixed with Terroxy Matrix Part A to produce a 100% solids epoxy joint filler. This mixture, when cured, results in a versatile product to be used to protect saw-cut joints of on grade concrete slabs and to repair damaged joints. Terroxy Joint Filler Hardener with Terroxy Matrix Part A also helps to prevent the erosion of control joint edges by absorbing the impact and shock of heavy loads.

Size	Coverage Per Blended Gallon	White Joint Filler Mixing Ratio (1:1)	Part A	Part B	Total Cost Per Mixed Gallon
1 Gallon	Varies by Joint Width & Height	A + B	\$92.60	\$92.60	\$92.60

Terroxy Moisture Vapor Treatment - \$280.10/ Per Unit

Terroxy Moisture Vapor Treatment is a water-based epoxy primer designed specifically for damp or green concrete. When used in conjunction with Terroxy Primer, Terroxy Moisture Vapor Treatment is the ideal treatment for cured concrete that exhibits excessive moisture vapor transmission.

Typical coverage is approximately 425 square feet per blended unit. Coverage will vary depending on surface profile and porosity.

IC Moisture Guard

Size	Coverage Per Gallon	Mixing Ratio (2:1)	Part A	Part B	Total Cost Per Mixed Gallon

Acoustical Membrane

Terroxy Acoustical Membrane is a 100% solid, highly-flexible epoxy membrane designed to reduce sound transmission and suppress reflective cracking in terrazzo flooring systems. The unique bonding and elongation properties of this polymer provide extraordinary crack suppression and is recommended for use over interior concrete surfaces prior to the flooring's installation.

Size	Coverage Per Blended Unit	Mixing Ratio (1:1)	Part A	Part B	Total Cost Per Mixed Gallon

Terroxy Resin is available in an unlimited number of colors and shades. Terroxy Resin Systems' special tinting services can match any custom samples.

Cove Base

Determine the amount of product required. Start by stirring the pail of Epoxy Matrix Part A to promote color uniformity throughout. Pour predetermined volume of Epoxy Matrix Part A into a clean 5 gallon pail. Then add the Epoxy Matrix Part B into the mixture keeping the correct Mix Ratio (5:1) for both Part A and Part B. When finished mixing the Part A & Part B thoroughly, slowly add small increments of the pre-measured Cab-O-Sil. Completely mix after each addition of Cab-O-Sil. The Cab-O-Sil material requirement can be estimated as a 1:1 ratio by volume with your Epoxy Matrix Part A. For example, if you started by adding 1 gallon of Epoxy Matrix Part A then your Cab-o-sil material requirement will be 1 gallon for the complete mixture. Once finished mixing all of the components you should end up with a "whipped cream" type consistency.

Material	10 lbs Bag Price	Bag Price per 18 bag pallet

Polyacrylate & Cement Systems

Terroxy Polyacrylate

Terroxy Polyacrylate is a highly solid, concentrated acrylic latex designed for professional use as an additive for Portland Cement mixes to improve adhesion and other physical properties. Concrete mixes prepared with Terroxy Polyacrylate can be used for exterior and interior applications and provides a hard, fast-curing mortar formulation with a strong resistance to many common chemicals. When mixed with water, the final blend becomes a wetting agent for the dry components of the mortar mix.

Size	Price	¾" Thickness	Aprx. Coverage Per 60-65 ft² Batch

1 Gallon	Permanent Water-Based, 2-Part Urethane/Acrylic Coating	2000 ft² @ 3 Coats	\$146.00

Surface Preparation

Proper surface profile is crucial to the bond of a Thin-Set Terrazzo Floor & other epoxy floorings. Without the correct preparation, delaminating may occur or cracks that may have otherwise gone unapparent could telescope through your terrazzo topping after installation. To obtain maximum bonding and avoid unnecessary cracking, a concrete substrate should be prepared mechanically through grinding or shot blasting in accordance with ICI Guideline No. 03732 to achieve a CSP3-CSP5 profile. T&M offers both grinding and shot blasting systems to achieve this profile.

Streamer S210E - \$7,748.02

- First mobile blast machine in the world, using the new developed "Inline Separation System"
- Allows a 100% increase of the blasting capacity compared to the existing machines working on a single phase 230 VAC

Dresser Wheels	4 Pieces Per Box	\$2.50 Per Box

Grinding & Polishing Machinery

Whether beginning with a 24 grit E-Z Grind Diamond for terrazzo flooring or 100 grit diamond for concrete polishing. T&M's Floor Machines offer the grinding equipment to grind, hone and polish any flooring application. Complimented by Border Machines, Flexible Shaft Machines and Vacuums for dry grinding, T&M offers contractors a full assortment of grinding and polishing machinery for a variety of applications.

- Easy to Service & Maintenance
 - Increased Productivity
- Improved Material Strength
 - Operator Convenience

TM-2415 - 4 Disc - \$25,938.48

Also available in 120 HP model (TM2420) - \$27,995.00.
Please call for lead times.

Specifications

Motor:	15 hp 3-Phase
Power Source:	230 VAC Single-Phase
Current:	37 amps Start
Motor rpm:	1,750 rpm
Recommended Power Cord:	25' (3-6)
Vacuum Hose:	2" x 25' x Two
Weight:	734 lbs
Tool rpm:	500 rpm @ 60 Hz
Pressure on Tools:	698 (with weights)
Tools Available:	All
Dimensions:	70" (L) x 24" (W) x 50" (H)
Cleaning Path:	21.5" x 43" Sweep
Recommended Vacuum:	TM Dri-Vac 2000

TM-2807 - 2 Disc - \$23,995.00

Specifications

Motor:	7.5 HP - 3 phase
Power Source:	230 VAC Single-Phase
Current:	21 amps soft start
Motor RPM:	2,625 @ 90 Hz
Vacuum Hose:	3 in. x 25 ft.
Weight:	684 lbs.
Tool RPM:	750 rpm @ 90 Hz
Pressure on Tools:	650 lbs. w/weights
Tools Available:	All
Dimensions:	63" L x 28"W x 50"H
Cleaning Path:	12" x 56" sweep
Recommended Vacuum:	TM Dri-Vac 2000
Power Cord:	25' (4-10)

Grinding & Polishing Machinery

TM-3030 4-Disc - \$34,250.00

Also available in 25 HP model = TM3025 - \$31,797.73

From grinding to polishing this versatile machine does it all. TM-3030 features easy, one man loading and unloading and has movable weight system for multiple applications. Easier to operate than planetary gear machines and has variable speed drives for unlimited variation.

Holds 3" Diamonds

Production Rates of the TM-3030 Prep/Master

- Mastic removal rates of 500 Sq. Ft./hr.
- Thin-set removal rates of 500 Sq. Ft./hr.
- Thin-mil coatings removal of 200 Sq. Ft./hr.
- Concrete polishing rates of 1,100 Sq. Ft./hr./step

Specifications

Motor:	30 hp 3-Phase
Power Source:	230 VAC Single-Phase
Current:	56 amps Soft Start
Motor rpm:	2,625 rpm @ 90 Hz
Power Cord Length:	25' (4-4)
Vacuum Hose:	3" x 25' x Two
Weight:	1,064 lbs
Tool rpm:	750 rpm @ 90 Hz
Weight:	1,355 lbs weight on handle
Pressure on Tools:	1,010 lbs weight on head
Tools Available:	All
Dimensions:	81"(L) x 30"(w) x 50"(H)
Cleaning Path:	28" x 56" Sweep
Recommended Vacuum:	TM Dri-Vac 2000

Prep Master Jr. - \$9,450.00

Specifications

Motor:	7.5 HP, Variable Speed Drive 5.6kW
Power Source:	220-240V Single Phase, 40A
Working Width:	23 in.
Vacuum Hose Connection:	2 in.
Weight:	395 lbs.
Dimensions:	50" L x 23" W x 48" H
Recommended Vacuum:	3003G (300CFM) or equivalent
Tool RPM:	250-500 RPM Variable
Tools Available:	6

Terrazzo & Marble sells parts for all Terrco and STI machines.

Base / Flexible Shaft Machinery & Accessories

TM 3EG-EA 1½ hp Set-Up/Four Spline - \$2,250.00

- P.N. FS-102, 1½ hp, 115230 Changeover Switch, 3450 rpm 60 Hz, Single-Phase, AC Electric Motor
- P.N. 3927, Three Caster Swiveling Tripod Motor Mount With Carrying Handle
- P.N. 32952A, 7', Flexible Shaft, 4 Spline
- P.N. 57143A, 7', Flexible Housing
- P.N. 56934 (Or 31151B), Wet Angle Head, 4 Spline, 1:1 Ratio

Terrco Angle Wet Spindle
#31151 B - \$585.90

Precision ball bearing mounted spindles available in 4 speed ratios (1:1, 2:1, 4:1 and 10:1). Wet spindles for sanding, polishing and buffing.

Dry Guard for angle head:
5" #DCN009 - \$295.65

Straight Spindles

Four Spindle #23500 - \$375.00

Full speed heavy duty straight spindle. Mounted with long life ball bearings. Designed for grinding, sanding, wire brushing, polishing and buffing.

Wet Spindle #3430W - \$553.65

For wet cove base work. Ball bearing construction throughout. Petcock type inlet valve for position flow control: anti-splash apron.

Flexible Shaft Adapter

Part	Size	Price
Adapter for Backer Pad	½" – ⅝"	\$ 35.00

Shafts & Housings

Equipment & Description	Price
7/16" x 7' 4 Spline Shaft	\$86.00
7' Housing for 1eg & 3eg	\$204.50

Vacuums

Ermator S 26 - \$2,950.00

- Volts: 120
- HEPA Filter: 18 sq. ft.
- Cartridge Prefilter: 18 sq. ft.
- CFM: 258
- Waterlift: 100
- HP: 3.4
- Amps: 19.6
- Shipping Weight (lb): 103
- Pre-filters cartridge: 18sqf
- Amp: 18/9

Ermator S 36 - \$5,575.00

- CFM: 353
- Waterlift: 110
- Filter Cleaning: Jet Pulse
- Voltage: 230V, single phase
- HEPA Filter: Certified
- Drop Down System: Yes
- Bag Collection: Yes (Longopac)
- Weight: 134
- Pre-filters: 40sqf
- Hepa filters: 27sqf
- Amps: 14.8
- Water lift: 100"

Ermator C3000

PreSeparator - \$1,190.00

- Weight (lb): 49
- Dimensions (in): 25 x 22 x 58

**Terrazzo & Marble is a proud distributor of all Ermator products.
Please call for all of your Ermator needs.**

Terms of Sale:

Any order shall constitute a binding contract of purchase and sale between Terrazzo & Marble Supply Companies ("Seller") and you ("Purchaser"), in accordance with the terms on the invoice and the following conditions:

1. Use or installation of any materials or products by or on behalf of the Purchaser shall be deemed to constitute acceptance. Insofar as our terrazzo and natural stones are products of nature, Seller is not responsible for any condition whatsoever resulting from its use in any form.
2. It is the Purchaser's responsibility to inspect all materials and products before installation and, if for any reason the material is defective or the wrong item, the Purchaser shall notify the Seller in writing before installation. Seller will not recognize, nor shall Seller be liable for any claims made after the start of installation for the wrong item or for the material said to be incorrectly sized, shaded, packed, not matching prior shipments, or otherwise defective. Seller shall not be responsible for improper installation of its products. All claims should be received in writing within 10 days from receipt of shipment.
3. All sales are made in accordance with the Seller's samples, which Purchaser covenants that it has seen and approved. Seller makes no guarantee of exact color or shade. Marble, granite and natural stone materials, being a product of nature, will vary in color and shading and are subject to certain inherent natural flaws. White marble contains iron. As a result, natural color changes can occur at any point following installation, especially when installed in wet areas.
4. All sales are on a COD basis unless credit has been approved. If the invoice is not paid when due, interest will accrue from the date of invoice at the rate of 1-1/2% per month (18% per annum) or the maximum rate allowable by law. If after due date, the account is placed in the hands of an attorney or collection agency for collection of all or part of the amount of invoice or invoices, the Purchaser shall be liable for all costs of collection including reasonable attorney's fee and collection charges in an amount of 30% of the balance due, or higher if costs incurred.
5. Seller reserves the right at any time to revoke any credit extended to Purchaser because of Purchaser's failure to pay for any goods when due or for any other reason deemed good and sufficient by Seller.
6. All materials will remain the property of Seller until final payment has been received and shall be subject to applicable lien laws.
7. Terms which are inconsistent with the terms and conditions stated will not be binding to the Seller.
8. Seller neither assumes nor authorizes any person or entity to assume for Seller any liability in connection with the sale or use of the material and goods sold, and there are no oral agreements or warranties collateral to or affecting other than specifically set forth herein.
9. The factory's/manufacturer's warranty constitutes all of the warranties with respect to the sale of the goods and materials. The Seller hereby expressly disclaims all warranties, either expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose, and the Seller neither assumes nor authorizes any other person to assume for it any liability in connection with the sale of the goods and materials.
10. On default by Purchaser of any of the provisions of these terms and conditions of sale, Seller shall have the option of refusing to perform further under this and any other existing agreement between the parties that the Seller may elect, and Seller may rescind any agreements between the parties and hold Purchaser liable for all damages and losses occasioned thereby: or of reselling, at public or private sale, undelivered goods or materials covered by this and any other existing agreement between the parties that the Seller may elect. Seller shall not be liable to the Purchaser for any profit on any resale, but the Purchaser shall remain liable to the Seller for the difference between (1) the agreement price of goods and materials plus all expenses and charges for account of Purchaser specified in these terms and conditions of sale and all the expenses of storage and resale, and (2) the resale price of the goods and materials.
11. Seller reserves the right to make delivery in installments. All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delay of any installment shall not relieve Purchaser of its obligation to accept remaining installments.
12. Seller does not accept responsibility for delays in deliveries due to fire, flood, strikes, accidents, delays of carriers, plant or quarry conditions and any other conditions or contingencies beyond its control.
